ORGANIZING COMMITTEE

Conference Chairman:	J. T. Bryant
Scientific Program:	A. R. LeBlanc
Keynote Program:	F. Roberge
Continuing Education Courses:	Wm. A. Gentles
Sponsors and Exhibits:	Urs P. Wyss
Secretariat:	Sally Chapman

TABLE OF CONTENTS

Page

SESSION I: MODELLING /PHYSIOLOGICAL SYSTEM	SESSION I: MODELISATION / SYSTEME PHYSIOLOGUE	
"Estimating VOR dynamics from ocular responses"		1
"A Technique for the Identification of Time-varying System Dynamics."		3
"A Discriminant Function Approach to the Elicitation of Coherence Patterns in the EEG".		5
"Multiple-Input Identification of the Neuromuscular Control System at the Human Ankle."		7
SESSION 2: INSTRUMENTATION I	SESSION 2: INSTRUMENTATION I	
"A 64 Lead Electrocardiographic Mapping System".....		9
"Interactive Electrophysiologic Mapping System for On-Line Analysis of Cardiac Activation Sequences".....		11
"A Simple Sound Processor for Extra-Cochlear Stimulation".....		13
"Heat Loss by Radiation: Not All Incubators are the Same".....		15
SESSION 3: IMAGING / GRAPHICS	SESSION 3: IMAGERIE / GRAPHISME	
"A Scanning Laser Microscope for Muscle Fiber Studies".....		17
"NMR Chemical Shift Imaging by 3 Dimensional Fourier Transform".....		19
"Centrosymmetric Properties in Image Reconstruction From Projections".....		21
SESSION 4: INSTRUMENTATION II	SESSION 4: INSTRUMENTATION II	
"Microcomputer-based Arrhythmia Monitor".....		23
"A Shirt Pocket Microcomputer System for Anaesthesia".....		25
"A Multichannel Broadband Telemetry System with Infrared Carrier".....		27
SESSION 5:CLINICAL ENGINEERING /REVIEW	SESSION 5: GENIE CLINIQUE /REVUE	
"Reporting Medical Device Problems: A Giant Step in Resolving Them".....		29
"Standards - The Enigma of the Health Care Field"		31
"An Up-to-date Summary of Electrosurgical Hazards and Precautions"		33
Isolated Power for Electrical Safety: An Assessment"		35

CONTENTS (continued)

SESSION 6: STUDENT PAPER COMPETITION I

SESSION 6: CONCOURS ARTICLES D'ETUDIANTS I

"Simulation de l'excitation électrique du muscle cardiaque".....	37
"Three-dimensional Finite-element Mesh Generation Using Serial Sections".....	39
"Computer Processing of Moiré Topographic Images".....	41
"Mechanical Analysis of the Human Temporomandibular Joint".....	43
"Classification of B-Mode Ultrasonic Images Using a Syntatic Method".....	47

SESSION 7: STUDENT PAPER COMPETITION II

SESSION 7: CONCOURS ARTICLES D'ETUDIANTS II

A New System for Quantitative Arterial Imaging and Blood Flow Measurements".....	49
"Recognition of the EARly Uptake Phase of Thallium-201 on a Scintigraphic Sequence by Factorial Analysis".....	51
" A New Model for the Studies of the Effects of Electric Field on Wound Healing".....	53
"The Generation of a Nicotine Aerosol for Inhalation".....	55

POSTER SESSION

SESSION AFFICHE

- Mathematical Model of the Distribution and Metabolism of Corticotropin-Releasing-Factor.....	57
- Clinical Engineers as Project Managers	59
- Design of an Intensive Care Unit - A New Concept	61
- New Improved-Performance Footswitches for Gait Analysis.....	63
- A Wheelchair Brake Alarm	65
- A Matrix Dosemeter to Measure Linear Accelerator Beam Uniformity and Calibration.....	67
- A Medical Information Sharing Service (M.I.S.S.)	69
- Preventative Maintenance Computer Program.....	71

SESSION 8: BIOMECHANICS/BIOMATERIALS
/REHABILITATION I

SESSION 8: BIOMECHANIQUES/BIOMATERIAUX
/REHABILITATIONS I

"Comprehensive Resistance of the Distal Human Tibia".....	73
"Physiological Finite Element Model of the Proximal Tibia Before and After Implant of a Tibial Plateau Prosthesis".....	75
"Measurement of Shoulder Motion by the Solid Angle of Revolution".....	77
"In-Vitro Rotation of the Human Ankle with Total Joint Replacement".....	79

SESSION 9: INFORMATION SYSTEM /COMPUTER	SESSION 9: SYSTEME D'INFORMATION /ORDINATEUR	
"The Expert Laboratory System for Clinical Vision Research: Laboratory Component".....		81
"Nexism: a Nexus Package for Continuous System Simulation and Parameter Estimation".....		83
"Computerized Hospital Information Systems - An Overview for the Engineer and Technologist".....		85
"Traitment du signal électromyographique en vue de la réadaptation des hémiplésiques".....		87
SESSION 10: BIOMECHANICS/BIOMATERIALS /REHABILITATION II	SESSION 10: BIOMECHANIQUES/BIOMATERIAUX /REHABILITATIONS II	
"Pin-Bone Stresses Associated with External Fracture- Fixation".....		89
"The Arterial Wall as a Composite Material".....		91
"An Inexpensive Automated Limb Load Monitor (LLM) for Rehabilitation".....		93
SESSION 11: ELECTROMYOGRAPHY	SESSION 11: ELECTROMYOGRAPHIE	
"Effect of Limiter on Evoked Response Measurements".....		95
"Position Dependence of Triceps Surae Reflex Dynamics".....		97
"Towards a Viable Myo-Telemetry Implant".....		99
